Dear Mr. Baker:

Thank you very much for your letter of 23 December inviting me to speak at the meeting of the National USO Organization on Wednesday, 15 March.

Much as I would like to join you on this occasion, I sincerely regret that I will be unable to accept your kind invitation. With all the problems involved in connection with the change of administration and the requirement for me to be constantly available over the next few months, I have decided to restrict my outside speaking engagements.

Your thoughtfulness in asking me to participate in the breakfast session is indeed appreciated and I would like to take this opportunity to wish you every success in your meeting.

With kindest regards,

Sincerely,

SIGNED

Dear Mr. Dulles:

1961 is the 20th Anniversary of our National USO Organization. And it would seem that in 1961 its work, overseas especially, will be of greater importance to our men and women in the Armed Forces than at any time since the Korean conflict.

You and your fine organization, USO officials agree, can speak to the need of keeping morale high as well as our armed forces alert in the months and even years ahead. Our national organization meets in Washington for a very important session on the dates of March 14 and 15. Our new President-elect, John Kennedy, has expressed interest in the USO and we fully expect that he will not only assume its Honorary leadership, but will be with us, if only briefly, at some important point during the sessions.

These representatives of the USO come from all fifty states and a feature of the meeting will be a "Hometown Breakfast" on Wednesday morning early at the Hotel Mayflower. Many Senators and Congressmen attend these meetings because they like to visit with their constituents who are visiting the city. This year we are out to rededicate our workers to the dangers ahead and so to the needs of an even stronger USO.

Some of us, who are active in the Advertising Council, have heard you talk and we believe it would be a major high spot of our meeting if we could count on you for a frank message of about twenty minutes at the conclusion of our breakfast.

My good friend, Ted Repplier, said that I might use his name in bringing this to your attention. He knows, of course, of the needs of the USO and we are hopeful of an approved Advertising Council effort in 1961 to bring the 20th Anniversary story of the USO before the country. You undoubtedly know many of the people in the National USO and the hopes of all these people join with mine in the presentation of this invitation.

I would be most happy to come to Washington to discuss this with your Mr. Bundy or others. I may have skipped information you would like, but I am sure you know from the tone of this letter what a great satisfaction it would be for all those attending this meeting if your plans would allow you to make this brief appearance and statement.

Thank you so much for all the great work that you and your associates have done and continue to do for our country.

Sincerely,
